

Falcons Class

In Falcons Class we are keen for pupils to continue their learning at home. Below are some website platforms that can be used to support your child's learning, for those needing usernames and passwords you will find these in their home contact books

Try to complete at least 15 minutes on each site daily.

Websites for Interactive learning;

Times table practice		https://ttrackstars.com/	Remember to add the school postcode ME16 8NL
Bug Club reading books and phonics Science bug		https://www.activelearnprimary.co.uk/	Remember to add the school code Xhfh
Cross curricular games and activities		https://www.purplemash.com/login/	

In addition to these online activities' pupils must complete the following learning activities this week;

English

Write a film review for your favourite, or most recently watched, film. Include a brief storyline, what your favourite part was, and whether you would recommend it to your friends and family. Don't forget to rate it out of 5 stars. You could even ask other people in your house for their opinion to add too. You could write a film review for all your favourite films or each new film you watch and create a Film Review book or folder.

PACK D

Maths

Measure the perimeter (the distance all the way around the walls) of each room in your house. Estimate (take a good guess) which room you think has the greatest perimeter and then check if you're right with a tape measure, or maybe in pigeon steps. Could you be creative with what items you use to measure? Could you convert your measurements from metres to centimetres? Take pictures as you go along.

Science

Create a robot using empty boxes and bottles. Can you make the tallest robot or one that has moveable parts? Think about decorating the items as they become parts of your robot. Make a list of all the different materials you have used and whether you think they are conductors or insulators of electricity. Don't forget to take pictures and send them in.

TOPIC TASK

Research the life of an Evacuee during World War 2. Can you find out why children were evacuated; where they were evacuated to; how they might have felt about leaving home; what they might have packed in their suitcases; and any other information that you find interesting? Make a poster, picture collage with labels, or presentation to show what you find.
