

## Match and Draw

Match the gas found in the atmosphere with the correct %.

carbon dioxide	1%
oxygen	0.04%
argon	78%
nitrogen	21%

## Word Search

Find the 3 different rock types and match them with their examples (there are 2 examples for each type). Circle sedimentary rocks in black, igneous in green and metamorphic in blue.

L M B E Y K T S J N N M J U F

## Erosion and Transportation

Put the following words in order to show how sedimentary rocks are formed by erosion and transportation.

Compaction, Erosion, Deposition, Cementation Transportation
