Year 10

Task 3

Worship

Lesson One: What is Worship?

What we will find out:

- What is worship?
- Does worship need to take place in a particular way or place?

Worship - Expressing reverence (respect) and adoration (love) for a deity (a god or a religious figure).

Task One: Make a list of how a religious person may choose to worship. Remember, this doesn't have to be praying.

Task Two: Many religious people believe that worship does not simply mean praying - it can mean behaving in a way which would please their god and following religious teachings. Below are some key religious beliefs from four different religions. For each belief, suggest a way in which a follower of that religion could worship their god.

Christians are taught to respect their parents **+**
